

# God's Love Never Runs Out

Psalms 136:1

Exploring the Nature of God

# Spiritual Truth

- God never stops loving.
- God's love is not measured by our performance.
- God did not wait for us to improve before He loved us.

# God's Love Is Steady

- There are seasons when prayers feel unanswered.
- At the cross, Jesus experienced abandonment, suffering, and silence.
- God's love did not stop at the edge of suffering; it went straight through it.

# God's Love Sustains Us

- Human love often depends on strength, energy, and reciprocity, but God's love does not.
- When Peter denied Jesus three times, Jesus did not discard him, He restored him.
- God's love does not quit on us halfway through the race, His love endures forever.

# Conclusion

- God's love literally carries us — moment by moment, breath by breath when we cannot carry ourselves.
- The same love that saved us is the love that will sustain us.
- God's love is not measured by our faithfulness to Him, but by His faithfulness to us.
