

Mothers Day

Matthew 20:20-21

Be Part of the Kingdom

- Good and godly mothers want to see their children saved.
- The most important thing we will ever do as parents is introduce our children to Jesus.
- God has no grandchildren.
- If your children have not received Jesus, keep asking God to touch their hearts and draw them to Himself.

Participate in the Kingdom

- Churches are full of people content to just fill a pew, but seldom do they get involved in doing any of the real work of the church.
- Parents must pray for their sons and daughters to be involved in the work of the kingdom.
- Parents need to give their children a goal to work toward.
- Godly parents set an example of faith and service for their children.

Be Powerfully Used in the Kingdom

- There are no higher positions than those who sit on the right and left of the King himself.
- Good parents want to see their children strive for excellence.
- Being a mother is an important role as she shapes lives and prays for her children's salvation and their ability to serve successfully.

Conclusion

- Motherhood can be difficult and at times very discouraging.
- To those who have sacrificed, served, prayed and loved, thank you for modeling the love of Jesus.

Happy Mothers Day!!

THANK YOU FOR ALL YOU DO WE LOVE YOU MOM
